For

## **On Call Professional Services**

### **ADDENDUM #2**

RFP Issued: January 15, 2021  
MRCOG Procurement No. 2021-02

## On Call Professional Services

Addenda #2 is issued to: respond to vendor questions

1. Given the current situation with COVID-19, would MRCOG consider electronic submittals?  
This has been answered in Addenda 1, you may find on the website listed in the RFP.
2. Is the proposal due in MDT or MST? It varies in the RFP?  
MST - Mountain Standard Time
3. Can we get a list of incumbents from the previous MRCOG On Call Submittal?  
Bohannon Huston  
Cambridge Systematics, Inc.  
Dekker Perich Sabatini  
Gateway Planning Group  
Griffin & Assoc.  
HDR  
Lee Engineering  
Marron & Associates  
Pacific Railway Enterprises  
Parametrix  
Planning Technologies  
Sites Southwest  
Souder, Miller & Assoc  
SWCA Environmental  
Wilson & Company  
WSP Parsons Brinkerhoff
4. How many firms do you anticipate selecting for each Element?  
We do not know how many vendors will be selected until the proposals are reviewed. There is no set number.
5. Can MRCOG estimate the number and scale of specific transportation/transit projects to be covered in the scope of work? How many such projects are expected to require environmental and historic preservation expertise?  
The on-call process is intended to have consultant assistance available as projects arise. MRCOG does not have a specific number and scale of projects in mind as these are determined on an “as needed” basis.
6. Would MRCOG encourage offerors to submit on elements of the RFP for which they only qualified for one small part?  
Yes, offerors are encouraged to apply for a single or multiple elements for which they feel they qualify. Another option is to team up with another vendor as a sub-consultant for a small part.
7. Is there an estimated cost or budget available for this project?  
The on-call process is intended to have consultant assistance available as projects arise. MRCOG does not have a specific number and scale of projects in mind as these are determined on an “as needed” basis.
