

Rail Safety

Look, Listen, Live!

Look Twice: Look both ways and listen before crossing the tracks. Expect a train at any time.

Heads Up: Avoid distractions, such as texting, loud music or headphones that would prevent you from hearing an approaching train.

Stand Back: Always stay behind the yellow lines at train stations.

Stay Off the Tracks: Never walk, bike, skateboard or run on or along the tracks. It is illegal and dangerous. Cross only at designated rail crossings.

Hold Hands: Hold hands with small children while at stations and crossings.

Just Wait: Don't ever try to "beat" a train. An approaching train is closer and moves faster than you think. Don't assume the operator sees you.

See Something, Say Something: Report suspicious packages, activities and/or persons by calling 911.
