Addendum #1 is issued to: answer vendor questions

1) I'm looking at the RFB and I'm thinking of submitting a bit, but I don't know how to list my prices. They vary too much based on volume and other factors... too many to list. Do you have any suggestions? Or maybe an example of the current contract (with prices redacted?).

The request is for vendors to put in an "estimated" or "average" cost for the line items listed. The prices are to be an idea of the cost for the line items, not an exact price. The award will be given to the lowest estimated price per line item.
